

# Stimson Says "War Cabinet" Spurned Yank Attack On Japs

By WILLIAM T. PEACOCK

Washington, March 21 (AP)—Former Secretary of War Henry L. Stimson has disclosed that President Roosevelt's "War Cabinet" discussed and rejected nine days before Pearl Harbor an American attack on Japanese forces "without further warning."

Stimson recounted this in a statement sent to the Senate-House committee investigating Japan's surprise blow on December 7, 1941. The committee made it public today.

Stimson related that on the morning of Friday, November 28, 1941, he received information of Japanese movements along the Asiatic coast. They were of such a "formidable character" that he went to the White House.

Mr. Roosevelt was still abed but received his Secretary of War and they discussed the matter.

**3 Alternatives**  
The Stimson story continued: "He suggested that there were three alternatives, as my notes show: First, to do nothing; second, to make something in the nature of an ultimatum, stating a point beyond which we would fight, or; third, to fight at once."

"I said that I felt that to do nothing was out of the question and the president agreed with me. As to the other two alternatives, the desirable thing to do from the point of view of our own tactics and safety was to take the initiative and attack without further warning."

At noon on that same Friday, Stimson said, the so-called "War Cabinet" met. In addition to Stimson its members were Secretary of State Hull, Secretary of the Navy Knox, Admiral Harold R. Stark, the Chief of Naval Operations, and General George C. Marshall, the army chief of staff.

Stimson said this meeting discussed the possible meaning of the Japanese move—possibly an attack on the Philippines, on Thailand, the Dutch East Indies, Singapore, or Rangoon.

"The possibility of an attack on Pearl Harbor was not discussed," he said.

**Fearful Siam Attack**  
Stimson went on to say that all agreed the Japanese expedition must not be allowed to land in the Gulf of Siam, "that if the Japanese (Please Turn to Page 7)"

# Doug Decries Firing Squad For Homma In Backing Order

By RUSSELL BRINES

Tokyo, March 21 (AP)—General MacArthur today decried a firing squad death for Lt. Gen. Masaharu Homma, his victorious foe in the 1942 battle for Bataan, and disagreed sharply with two U. S. Supreme court justice dissenters—one of whom had termed the sentence vengeance rather than justice.

Date and details of the execution, which now could be stayed only by President Truman, will be determined in Manila.

Affirming the Manila court martial conviction of Homma, who ordered the infamous Bataan death march that cost 17,200 lives MacArthur asserted:

"If this defendant does not deserve his judicial fate, none in jurisdictional history ever did."

**Scores Dissenters**

Before announcing his decision, MacArthur studied opinions expressed by Supreme Court Justices Murphy and Rutledge, who dissented when the court refused to intervene for Homma. Murphy had denounced Homma's trial as a descent "to the level of revengeful blood purges."

MacArthur declared "no trial could have been fairer" and said dissenters "either advocate arbitrariness of process above factual realism, or... inherently shrink from the stern rigidity of capital punishment."

Wataru Narahashi, chief cabinet secretary, said he and the Japanese people agreed as to the justice of MacArthur's decision.

"General MacArthur's decision teaches the Japanese a grave and important lesson," Narahashi said. "The Japanese now know that a commanding general, even if he himself doesn't issue orders, must assume responsibility for illegal acts of his subordinates."

**No Extenuations**

The supreme Allied commander in the Pacific said he could find "no circumstances of extenuation."

Savageries of the death march, MacArthur declared, "have shocked the world. They have become synonyms of horror and mark the lowest ebb of depravity of modern times. There are few parallels in infamy and tragedy with the brutalization of troops who in good faith had laid down their arms."

development department with headquarters at Reading. The promotion is effective April 1.

Mr. Kinsey will be succeeded by Clyde R. Lenhart, supervisor of the engineering department of the Local

CLYDE R. LENHART

Division of the company for the past two years. Mr. Lenhart has had more than 20 years experience in the electric utility industry.

In going to Reading Mr. Kinsey is returning to his native city. In the 21 years that he has been with the Metropolitan company he has held positions in a number of communities and has spent approximately five years in Reading.

**Came Here In 1938**  
Mr. Kinsey came to Gettysburg in January, 1938. He was active in community affairs. He was chairman of the Citizens committee that reorganized the playground program in town. He also was affiliated with the Youth Center committee and (Continued from Page 1)

## BANK OBSERVES 132ND BIRTHDAY

The Gettysburg National bank, York street, today observes the 132nd anniversary of its founding.

The institution was founded March 21, 1814 and since that time has weathered five wars, Mexican, Civil War, Spanish-American and two world wars.

A display advertisement in today's edition of The Gettysburg Times shows the original bank building and the present modern structure.

Part of the text matter states:

"Much of the success of this bank may be attributed to the co-operation of its stockholders and employees and to the confidence and friendship of its patrons. To these and to the citizens of our community we offer our deepest gratitude and appreciation for their loyalty and friendship."

Alexander Cobean was the first president of the bank.

In November of the year of the bank's founding it had resources of \$209,683.75. Today its resources are \$10,056,462.18.

Deposits 132 years ago were \$7,125.75. Today bank deposits total more than nine million dollars.

C. A. Willis is president of the bank.

GRASS FIRE

The Gettysburg fire company was called at 10:15 o'clock this morning to extinguish a grass fire at the George Miller property along the Emmitsburg road, near Marsh Creek Heights, where Miller is constructing a new home.

Public Sale: Tuesday evening, March 26, 6:00 o'clock. Lots of antiques, dishes, furniture, etc. Willis H. Pitzer, Arentsville.

## Rice Is Given Legion Of Merit By Gen. Spaatz

Washington, March 21 (AP)—General Carl Spaatz, commanding general of the Army Air Forces, presented the Legion of Merit today to Col. John S. Rice of Gettysburg, Pa., a candidate for the Democratic nomination for governor of Pennsylvania.

The military award was made "for brilliant work in organizational planning" while Rice was assistant chief of staff in charge of personnel in the North Atlantic division of the Air Transport command from February, 1944, to September, 1945.

Colonel Rice is now on terminal leave.

## J. F. SLAYBAUGH CANDIDATE FOR RE-ELECTION

County School Superintendent J. Floyd Slaybaugh today announced, through letters sent to the 160 school directors in Adams county, his candidacy for re-election. The superintendent of schools will be elected at a meeting of school directors in the court house here Tuesday, April 9, at 10 a. m.

Term of the office is four years. Mr. Slaybaugh is completing his second term as superintendent, having first succeeded W. Raymond Shank. The new term will begin July 1. Letters sent to the school directors, and received today, solicit their votes for Mr. Slaybaugh's re-election.

"I should like to visit each director personally to discuss election, but the work in the office makes such a course almost impossible if the required work in the office is to be done," Mr. Slaybaugh's letter states.

**Expresses Appreciation**  
"I wish to take this opportunity to express my sincere appreciation for the support from school directors during my administration. We have had some difficult problems to solve, but the boards have been most gracious in working out the solution."

"During my administration we have passed through the greatest war in history. Many things that we planned for could not be done. School districts are now in the best financial conditions in the past quarter of a century. Transportation of high and elementary pupils has increased greatly in the past four years. A number of our districts have plans for the improvement of their school programs as soon as building conditions warrant."

## BULLETINS

Harrisburg, March 21 (AP)—Ray F. Smock, Meadville, was appointed State Secretary of Highways today, succeeding John U. Shroyer, dismissed by Governor Martin as disloyal in a dispute over Shroyer's candidacy for the Republican nomination for governor.

Brussels, March 21 (AP)—Paul Henri Spaak resigned today as Premier of Belgium after failing to win a vote of confidence yesterday in the Chamber of Deputies. Regent Prince Charles immediately conferred with the heads of the upper and lower Houses of Parliament preliminary to designating a new premier.

Washington, March 21 (AP)—A Senate Foreign Relations Subcommittee deferred action today until Tuesday on legislation to authorize the St. Lawrence seaway and power project.

## Another Health Payment Approved

Another payment has been approved by the Auditor General to the Gettysburg school district under provisions of the School Health Act. The amount is \$309 and is for the January health examinations.

Under the new School Health Act pupils will receive medical and health examinations every two years. This year pupils in the 1st, 3rd, 5th, 7th, 9th and 11th grades are being examined.

Thus far 583 pupils have received medical examinations and 689 have received dental examinations by Dr. Raymond Sheely and Dr. James J. Munley respectively.

A few more medical examinations are to be made to complete this year's work after which teachers, janitors and other school officials will be examined.

Physicians are paid at the rate of \$1.50 per pupil and may not make more than four examinations per hour. Dentists are paid at the rate of 75c per examination and may not make more than eight examinations an hour. The state pays the expenses.

## FAVOR SUBSIDY ON DAIRY FEED OR MILK BOOST

Milk producers of Adams county are of the opinion that, because of the increased cost of feed and farm and dairy labor, dairymen should receive at least one cent per quart more for milk than in 1945. This opinion was expressed at a meeting of 225 milk producers in the court house Wednesday night.

Supplemental feeds today are at least 50 cents per 100 pounds higher than they were one year ago. It was contended, and labor is about 35 per cent higher than a year ago.

On a poll of hands, 95 per cent of those present expressed themselves as in favor of the continuance of the dairy feed subsidy, and it was the opinion of the group that milk would have to be advanced approximately four cents a quart to the consumer if subsidies were dropped and the dairymen were to receive the same amount of money as they receive now.

**Increase Means Chaos**  
"It was also the opinion of the group that a raise in price to the consumer of that amount would cause chaos in the fluid milk market at this time," the committee in charge of the meeting, H. S. Schwartz, J. W. Lucabaugh and H. F. Snyder, reported, "and it was further the opinion that the dairy feed subsidy should go up or down as the cost of feed and labor goes up or down."

There is practically no oil-seed available in this area, it was conceded, but that some mixed supplements could be purchased, although all feed is scarce. Dairy cows and heifers are on the decrease in numbers in Adams county, it was said.

Maintaining level production of milk was discussed and producers and dairymen agreed every effort should be made to do this, but that it cost considerably more to produce milk in the winter months than in the summer, and a differential of about \$1 per 100 pounds should be maintained during the fall and winter.

## WELDON PLANK WED SATURDAY TO MISS ZULL

Miss Julia Frances Zull, daughter of Mr. and Mrs. C. Louis Zull, Beach View Circle, Cincinnati, Ohio, and Guy Weldon Plank, son of Mrs. Ora B. Plank, East Middle street, were united in marriage last Saturday evening at 8:30 o'clock in the Kennedy Heights Presbyterian church, Cincinnati, by the Rev. Lester Kemper.

Mrs. Anna Price Eaton gave a half-hour organ recital preceding the ceremony. The altar was decorated with white calla lilies, gladioli and tulips for the candlelight ceremony. White gladioli satin ribbons held the candles at each pew head.

The bride was given in marriage by her father. Her gown, in period style, was of gleaming ivory satin with full flowing train. Her finger-ring veil, the cap of chantilly, was caught with orange blossoms. Her bouquet was of white orchids and freesia.

**Couple's Attendants**

Mrs. Edgar R. Bohart, Jr., sister of the bride, was the matron of honor. Mrs. Andrew Taylor was the bridesmaid. Both were gowned in ice-blue taffeta with over-skirts of net and wore coronets of white carnations and silver streamers, the same scheme being carried out in their bouquets.

Robert W. Dewey, East Liverpool, Ohio, a college classmate of the groom, was the best man. The ushers were William Rupp and Richard (Please Turn to Page 2)

## Goering Denies Knowledge Of Prison Camp Slaughters

Nuernberg, Germany, March 21 (AP)—Hermann Goering swore today that he knew nothing of German concentration camp slaughters.

"Even Hitler didn't know approximately what went on because Himmler (head of the Gestapo) always kept these things extremely secret," the leading defendant of 22 Nazis on trial for war crimes told the International Military Tribunal.

Goering, still sharp in his seventh day on the stand, was emphatic as he sought to place the blame for camp horrors on the Gestapo chief, who committed suicide after capture.

"You mean to say that even when the Kreisleiters were informed of the concentration camps that you, as second man of the Reich, didn't know?" asked British Prosecutor Sir David Maxwell-Fyfe. "Didn't your friend Himmler inform you?"

## Doctors In Service Buy Office Quarters

The purchase of the Herman property on the northwest corner of the York-Stratton street intersection by two doctors now serving in the armed forces of the United States was announced today. The property was sold by Mrs. Mary B. Herman, Harrisburg.

The purchasers are Dr. Joseph J. Baker, son of Dr. and Mrs. Joseph B. Baker, York, and Dr. Robert S. Lefever, son of Prof. and Mrs. G. W. Lefever, York street. Baker, who is in the army, and Lefever who is now at Long Beach, Calif., with the navy, plan to open offices in the building when they return from service. Doctor Baker was in Gettysburg today.

## DISABLED VET WILL BE ABLE TO DRIVE AUTO

Arrangements were completed Wednesday for special equipment to be installed in a new Ford car he is purchasing which will permit John Reinecker, Center Square, local World War II veteran who lost a leg while in service, to drive his car without using foot pedals. Glenn Guise, local dealer, has announced.

N. R. Nunnemaker, of the Chester branch of the Ford company and Guise demonstrated the new device Wednesday to Reinecker, members of the Gettysburg borough police and others. The attachment is installed free of charge on the cars of all disabled veterans of World War II and can be placed on all Ford and Mercury vehicles from the 1940 models on, Nunnemaker said. It is approved by the National Association of Automotive Engineers.

**Hand Controls**

The new drive consists of a hand throttle attached to the left side of the steering column which when depressed increases the amount of gasoline fed to the engine, when in neutral depresses the clutch pedal so that gears can be shifted by the hand control at the wheel and when raised acts as a brake. The power brake is much more powerful than the ordinary foot brake as those who drove the vehicle equipped with the device Wednesday, including a reporter for The Gettysburg Times, found out.

A switch for raising or lowering the light beam is on the dashboard and all other equipment is standard. A switch permits the use or non-use of the device so that the vehicle can be driven by a non-handicapped driver in the same manner as any other Ford car.

Besides World War II veterans who have lost limbs, vets whose legs are paralyzed are also given the device free, it was stated. Additional devices on the apparatus permit veterans who have lost hands or portions of their arms to drive the car safely.

**HOSPITAL REPORT**

Charles William Plank, 9, Gettysburg R. 1, was treated at the Warner hospital Wednesday evening for a deep laceration of his left arm received when he fell from a scooter.

David Laughtman, Hanover R. 3; Anna Dutera, Littlestown; Frank Munshower, Gettysburg R. 4, and Eugene Ecker, York Springs, have been admitted as patients. Those discharged were Catherine Rohrbaugh, Gettysburg R. 2; Mrs. Harry Holtzapple, Union Bridge, Md.; Jonas Keiffer, York Springs R. 2; Mrs. Levin Plank and infant son, Robert Henry, Littlestown R. 1; Mrs. Arthur B. Musselman and infant daughter, Joan Lucille, Gettysburg R. 3; Mrs. James Shetter and infant daughter, Victoria Ann, 106 Carlisle street; Mrs. Robert Thompson and infant son, Michael Lou, McKnightstown; Edward J. Zinkand, York street, and Mrs. William Plank, Gettysburg R. 3.

## \$500 TAKEN AT CASHTOWN HOME

Local state police today were investigating the theft of \$500 on Tuesday from Robert Cullison, Cashtown.

The loss of the money, all in bills, was reported Wednesday to the Gettysburg station. The money had been under a mattress in the Cullison home, according to the complaint received by the local state police.

Cullison left the house sometime Tuesday and after locking the door placed the key on the porch, in customary fashion, so that other members of the family who might return in the meantime would be able to enter the house, he told police.

The person or persons who took the money apparently knew where the key was placed on the porch, entered the house by using the key, removed the money from under the mattress and then left the house, leaving the key in the lock.

**Weather Forecast**

Fair with little change in temperature tonight and Friday.

Accordion, Saxophone, Trumpet or Clarinet wanted by music teacher. Phone Gettysburg 300 immediately. Ask for George Smiles today (Thursday) only.

## COUNTRY BANK FUNDAMENTAL, SAYS SPEAKER

Addressing the monthly meeting of the Adams County Bankers' association at the Cross Keys hotel Wednesday evening, D. J. Needham, general counsel of the American Bankers association, Washington, D. C., declared that the real foundation of banking in the United States today is the country banker.

"The country banker carries more weight in Congress than any other banker in the state," he said. "You really don't know your power." He urged that the country bankers take an active interest in "what is going on" and told them to "know your congressman" and keep in touch with him.

Discussing numerous pieces of legislation affecting the commercial banking business in the country, Mr. Needham declared that organized banking today stands in better position, through the efforts of the national association, than it has in many years.

**Cites ABA Record**

Mr. Needham declared that if the American Bankers' association, through its Washington headquarters, had accomplished nothing else worthwhile, its securing of the passage of legislation placing a statute of limitations of six years on bank liability for government checks had been well worth its support.

Mr. Needham was introduced by Edmund W. Thomas, president of the First National bank, Gettysburg, and vice president of the Pennsylvania Bankers' association. Mr. Thomas, in his introductory remarks, declared that Mr. Needham had done "a wonderful job for the bankers in the work of his office and in his study and analysis of banking laws."

Mr. Thomas also introduced R. A. Gregory, president of the Pennsylvania Bankers' association and president of the Third National Bank and Trust company of Scranton.

**Speaks On "Competition"**

Speaking on "Competition," Mr. Gregory said that "We have 45 government agencies, sponsored by the government. We pay taxes on them, and they are taking away some of our discount." The speaker also referred to finance companies, and this phase of competition, but declared that "the banks of the country have been doing what the finance companies are now doing for years. Our job is to go right on doing it."

Continuing, he said: "Our job is not to sit too much at our own desks. Go out and make loans. By making loans and building up their business we will be building up our own. By that I don't mean that we should make poor loans, but if we don't go after business someone else is going to get it."

Referring again to government in the banking business, Mr. Gregory said: "I don't want some bright boy from Washington to come up to me and pin a number on my lapel and say 'You are number so and so in the federal government.' I don't like that label business, and neither do you, but we are coming nearer to it if we don't show that we can do the things that will make them say 'There's a bank that is doing something for its community.'"

Elmer W. Warren, president of the county association, presided at a brief business session at which progress in the formation of a county loan pool was discussed. Sixty members of the association and associates attended the dinner and meeting.

## Dale McCleaf Is Injured In Crash

Dale McCleaf, 17, Fairfield R. 1, suffered abrasions of the right arm, contusions of the chest and a deep laceration of the left leg shortly after midnight this morning when a car driven by his brother, Earl W. McCleaf, also of Fairfield R. 1, overturned one-fourth mile south of Gettysburg on the Emmitsburg road. McCleaf was treated at the Warner hospital.

State police from the local substation who investigated said that Earl McCleaf was driving south when he applied the brakes. The wheel of his car locked and the vehicle turned completely over, coming to rest on its wheels. Damage was estimated at \$200.

## MAJOR HANSON WILL ADDRESS PRESS DINNER

Major Robert D. Hanson, recently returned World War II veteran, will be the speaker April 12 at the annual banquet of the Maroon and White, Gettysburg high school publication, the paper announced today.

Major Hanson, education and historical officer for the 80th Division after a period of service as commander of an anti-tank battalion, is a graduate of the high school and was business manager of the Maroon and White in 1934-35.

Retired seniors of the staff will be guests of the present staff. Dr. Lloyd C. Keefe, superintendent of Gettysburg schools, Guile Lefever, principal of Gettysburg high school, George Kadwill and Paul Ramey of The Gettysburg Times printing office, Miss Ruth Mundis and Miss Louise Ramey, faculty advisors, will also be guests at the banquet and party.

Mary Wiernman Heintzelman, editor-in-chief and Charles Rodgers, business manager, are the general chairmen for the affair. The other committees are as follows:

**Dinner Committees**

Program committee: Miss Louise Ramey, faculty; Betsy Blocher, chairman; Winifred Jones, Ann Raffensperger, and Jeanne Thomas. Entertainment committee: Miss Ruth Mundis, faculty; Barbara Klinefelter, chairman; Ruth Jeanne Diehl, Freda Rohrbaugh, and Peggy Ann Smith.

Dinner Decoration committee: Rae Stroh, chairman; Patricia Sponser, Jean Bream, and Howard Fox.

Restoration committee — Donald Sterner, chairman, Charles Bender, Clare Carroll, and Mary Jane Svarnas. Seven juniors of the Maroon and White staff have been recommended for membership into the local chapter of Quill and Scroll, an international honorary society for high school journalists, the paper also announced. The seven candidates are: Mary W. Heintzelman, editor; Charles Rodgers, business manager; Betsy Blocher and Barbara Klinefelter, co-news editors; Jane Ramey, a co-feature editor; Dean Stultz, a co-sports editor, and Howard Fox, advertising manager.

## \$5,076 DONATED TO RED CROSS

The annual fund drive of the Adams County chapter of the American Red Cross today reached \$5,076.44 as additional contributions continued to come in from solicitors in the Gettysburg area.

Only scattered amounts have been turned in so far from outlying districts although Littlestown has again requested additional literature, cards and other materials for the drive indicating that the solicitation in that area is proceeding in excellent fashion, chapter officials said.

Top contribution announced today was \$25 from the employees of the Metropolitan Edison company. The Mother's class of St. James Lutheran Sunday school gave \$15 and Mr. and Mrs. J. T. Fogle and Attorneys Bulleit and Bulleit each donated \$10. The amount given by Mr. and Mrs. Fogle was in addition to a previous contribution of \$5, bringing the amount given by them so far to \$15.

Five-dollar donations were listed from George M. Zerling, the Marsh Creek Society of the C. A. R., Mr. E. Donald Scott, Mr. and Mrs. D. S. Kitzmiller, James Eck and Mrs. D. S. Kitzmiller of the Methodist church of Gettysburg.

**FAILED TO NOTIFY STATE**

A charge of failing to get a certificate of junk for a motor vehicle which he had junked has been laid against Glenn C. Bream, local car dealer, before Justice of the Peace Robert P. Snyder, state police said today. A ten-day notice will be sent.

Public Sale: Tuesday evening, March 26, 6:00 o'clock sharp. Antiques, Dishes, furniture, electric washer, C-E electric refrigerator, rugs and household furniture. Willis H. Pitzer, Arentsville.

## STATE GUARD WINS PRAISE AT INSPECTION

"Your job is more important now than ever before," Major Dallas Wade, inspecting officer from the Third Service Command, told members of Troop C, State Guard, Wednesday night following an inspection of the troop at the armory on West Confederate avenue.

"Your job is to protect life and property and right now you are the only body of trained troops ready for any emergency or upheaval in the state. The State Guard has a job to do and it has done it well. You as a troop have shown me tonight your ability and I appreciate the work you have done."

Both Major Wade, of the U. S. Army, and Lt. Col. Harry Banzoff, Harrisburg, commanding officer of the First Cavalry Squadron of which Troop C is a part, said they were well pleased with the inspection Wednesday afternoon and evening. The officers checked the equipment at the armory and then inspected the troops, putting them through various drills and duties.

**Praises Local Troop**

"Perhaps you are wondering why this federal inspection has been held," Major Wade added, "The federal government knows the need of troops for protecting life and property in event of any breakdown of civil forces, and so again it is interested in you."

"In inspecting the government property given you I found it to be in good shape. You are taking care of it in excellent fashion. We realize that it was not new when you got it, and you've made it last by taking care of it. Incidentally I was surprised when I saw all of the equipment you have. You have more than any other troop I have inspected so far—and all of it is in good shape."

## Littlestown YOUTH PROBLEM IS BLAMED ON LIFE AT HOME

The Woman's Community club of Littlestown and vicinity heard an interesting talk on "Youth Problems of Today" at the monthly meeting Wednesday night in the P.O.S. of A. building. The speaker was Dr. Bertha Paulsen, teacher of Sociology and Psychology at the Lutheran Theological seminary, Gettysburg.

Mrs. Edward Leister, president, was in charge of the meeting, which opened with the pledge of allegiance, and the singing of the national anthem. Reports were given by the secretary, Mrs. J. R. Riden, and the treasurer, Mrs. Paul E. Alfott. Two new members, Mrs. Frank Matthias and Mrs. Stanley Harner, were elected. Miss Grace Kindig, another new member, was present for the first

# FOOD SHORTAGE IN EUROPE IS VERY CRITICAL

By DEWITT MACKENZIE  
(AP World Traveler)

Paris, March 21—Europe's food shortage, which former President Hoover is here to investigate, presents a decidedly grim problem, complicated as it is by the fact that there is hunger in many other parts of the world, thus adding to the difficulties of bringing adequate relief to this continent.

Spring and early summer are going to be a critical time. This is the in-between period for crops. Indigenous food supplies have been largely exhausted and many countries are mainly dependent on imports.

But unfortunately the crisis isn't likely to end there. Although this first day of spring gives promise of an early season for the tillers of the soil, it doesn't bring the cheer of normal times. The discouraging fact is that misfortunes are swarming the farmlands like an army of locusts, making it certain that the fall harvest will be far short of the customary yield in most areas. The early vegetables will brighten the situation, but this will be a comparatively slight and passing relief.

**Need Fertilizer**  
One of the worst handicaps is a great shortage of fertilizer. The soil already is impoverished for lack of nitrates which were diverted to war purposes, and now the nitrate plants aren't functioning. That's heart-break enough for any farmer, but there is an even worse trial in the scarcity of seed, especially grain.

There is a great scarcity of farm implements, owing partly to destruction wrought in the war and partly to curtailment of the manufacture of such tools. And then, of course, the conflict has robbed thousands upon thousands of farms of the sturdy youth who were their mainstay.

Even if crops were normal, there still would be great problems to meet. One of these is the feeding of the displaced persons who have been moved in huge numbers about the continent. An example is the current difficulty of caring for the host of Germans who have been sent from Czechoslovakia's Sudetenland into Bavaria, which already had a food problem.

Even if there were food enough in Europe to meet requirements, still it would be impossible to distribute it readily because of the disorganization of transport and the lack of rolling stock.

**Fields Are Parched**  
The great drought of last year in western Europe has added vastly to the current food shortage. Big producers like Spain and France found their fields parched for lack of rain, and crops tumbled to far below normal. In ordinary times such a crisis could be met by importations, but not so now. There is the world scarcity to figure on.

Quite apart from the matter of crops, there is another disaster which the countries occupied by the Germans have suffered. The Hitlerites robbed them of livestock of all sorts. France, Holland, Belgium, and other countries were stripped of cows, sheep and pigs, and along with these went the all important workhorses. It is true that some parts of Germany are now better off for livestock than are the pillaged countries. For this reason part of the farming areas of the Reich are doing fairly well for food despite the shortage of grain and vegetables. That is small solace to the urban districts, however.

## Letters Of Estate Are Issued Here

Letters of administration on the estate of Philip McCaffrey, Littlestown, who died December 15, have been issued to Wilbur A. Bamber, Littlestown State bank, according to papers filed in the office of Register and Recorder Winfield G. Horner.

Paul F. Butt, a son, has been awarded letters of administration on the estate of Charles W. Butt, Cumberland township, who died March 16. The widow, Mary M. Butt, also survives.

### TWO DISCHARGED

Capt. Luther N. Martin, Fairfield, was recently discharged and placed on inactive status by the army at Camp Atterbury, Ind.

Pvt. Paul E. Arnsberger, Gardners, was discharged from the army at Ft. Bragg, N. C., last Saturday.

### BIRTHDAY DINNER

A surprise St. Patrick's Day dinner was served last Sunday at the home of Mr. and Mrs. Robert Stahl, Fairfield, in honor of their son, John Patrick, who observed his 18th anniversary, and their daughter, Dorothy Elizabeth, who observed her 14th anniversary. Both received many gifts. Twenty guests were present.

## Give!

Thousands of displaced persons in Europe even now are wearing the tattered rags of their last one or two garments. Factories, slow in getting under way, cannot begin to supply needs. A Red Cross fund campaign contribution of \$1.50 will provide one warm, wool sweater during this emergency period.

## DR. QUINTANILLA CALLED TO MEXICO ON PRESS ARTICLE

Dr. Luis Quintanilla, Mexican ambassador to the Pan-American Union, has been recalled to Mexico City "for consultation" about an article which he wrote in the Washington Post criticizing Winston Churchill's Fulton, Mo., Anglo-American alliance speech, according to a United Press dispatch appearing in the Philadelphia Record.

Dr. Quintanilla is the husband of the former Miss Ruth Stallsmith, daughter of Mr. and Mrs. P. Ward Stallsmith, of Gettysburg. He met his wife while attending Gettysburg college. Dr. Quintanilla served in the Mexican embassy in Washington and was Mexican ambassador to Russia prior to his appointment as ambassador to the Pan-American Union. The Quintanillas have a summer home near Arendtsville.

According to the Philadelphia Record story, Dr. Quintanilla has been recalled to explain his Post article to President Manuel Avila Camacho.

## Ex-Officer's Song Being Published

A musical composition by Dale William Stary, 125 North Stratton street, has been accepted for publication and national distribution by the Northdyke publishing company, the company announced today.

The song is entitled "The West Is In My Soul" and will be heard nationally in the near future, the company added.

Stary, recently returned from service with the U. S. Army, was inducted into service in 1941 and was a first lieutenant with the 8th Armored Division through much of the war. His terminal leave concluded March 10. He wore three battle stars on his ETO ribbon.

While the song is the first to be published by the local musician, he has written several other compositions which have been played by local orchestras. The 28-year-old former soldier has been leading an orchestra locally since his return from service. He has played the violin for many years.

## Huge Flood Control Project Launched

**Kansas City, March 21 (AP)—**The first spadeful of earth will be turned today to launch a \$1,500,000,000 post-war project for control of water in the Missouri river basin—an area comprising a sixth of the United States.

The ceremony marks the actual beginning of work under the Pick-Sloan plan, which in its simplest terms is a scheme to keep the water where you want it and keep it away from places you don't want it. Since settlement of the basin, stretching from the Rocky mountains to the west have not had enough moisture, while those in the southeast have had too much—devastating floods each year.

Site of the ground breaking will be a two-mile flood being built to protect the central industrial district of Kansas City. The contract for its construction was the first let under the Pick-Sloan plan, which was approved by Congress in December, 1944.

### STUDENT STRIKE ENDS

**Philadelphia, March 21 (AP)—**Most of the 900 students at suburban Ridley Township high school returned to classrooms today, ending a "strike" which resulted in formation of picket lines blocking school entrances.

## Churchill Sails For Home: Ends US Visit

**New York, March 21 (AP)—**Winston Churchill's 66-day visit to the United States ended today as the former British Prime Minister sailed for England aboard the Queen Mary.

Churchill and his party boarded the liner last night along with 1,180 British military passengers and 551 civilians, including the Duke of Marlborough, Prince George and Princess Maria of Greece, the Duke and Duchess of Sutherland and the Duchess of Westminster.

Churchill had been in this country since Jan. 14.

### TO ARBITRATE

**Philadelphia, March 21 (AP)—**The American Federation of Hosiery Workers (CIO) reported today wage negotiations with the Full-Fashioned Hosiery Manufacturers of America have broken down and the dispute will be submitted to arbitration.

# RED OPPOSES HASTY ACTION ON IRAN ISSUE

Washington, March 21 (AP)—Soviet Ambassador Andrei A. Gromyko said today that any hasty action by the United Nations Security Council on the Iranian dispute would merely complicate it.

His comment was made shortly after a flat statement by President Truman that next Monday's UNO meeting will not be postponed.

Mr. Truman told his news conference today that the United States delegation will press for action in the explosive controversy despite Moscow's request for a 16-day delay.

Gromyko talked with reporters at the State Department after a hurriedly-arranged 20-minute conference with Secretary Byrnes.

The Soviet ambassador, who returned unexpectedly last night from New York, declined to tell newsmen what he said to Byrnes, but he reiterated that Russia believes the Iranian case unquestionably should be delayed because negotiations are now under way between Iran and Russia.

### Fears Complication

Asked in what way these negotiations are taking place he replied they were being charged on through diplomatic channels and that for the Security Council to take any hasty action now would complicate the situation.

An inquiry put to officials familiar with the nature of Gromyko's talk with Byrnes brought the comment that it had been purely a courtesy call. They said Gromyko actually had not taken up any of the wide range of critical problems in Soviet-American relations, including the Iranian case, Manchuria, and the possibility of an American loan to Russia.

The Soviet ambassador left some doubt on whether he personally will attend the United Nations Council meeting, despite an embassy statement several days ago that he will be a member of the Russian delegation though not necessarily its chief.

### Seek Prompt Hearing

Gromyko said he had no arrangements to see President Truman.

On another phase of the Iranian case, Gholam Abbas Aram, first secretary of the Iranian embassy, conferred at length with officials of the State Department's middle eastern division, but did not disclose the nature of his talks.

Indications were, however, that he made clear to them that Ambassador Hussein Aia, representing the government of Premier Ahmed Qavam was hoping and working for a prompt hearing of Iran's appeal for Security Council help in getting Russian troops out of the country.

# GIRL SERIOUS AFTER ATTACK

**Joliet, Ill., March 21 (AP)—**A nine-year-old farm girl was in serious condition in a hospital today after she was beaten with a hammer and shot several times yesterday when she resisted advances of a man, Prosecutor James E. Burke identified as James P. Lincoln, Jr., 30, father of two small children and son of a wealthy Cleveland industrialist.

Burke said Lincoln was held in jail without formal charge and had signed a statement admitting the attack. He said no charge had been filed pending outcome of the child's injuries.

Victim of the attack, Carol Williams, daughter of Mr. and Mrs. George Williams, who live on a farm four miles east of Joliet, suffered a possible skull fracture, the result of the hammer blows, bullet wounds in the right hip, in the upper right arm and shoulder and in the left side of the chest. Physicians said it was not immediately determined how many bullets had struck her.

Lincoln's father, whom the salesman identified as James Finney Lincoln, Sr., president of the Lincoln Electric company of Cleveland, was reported enroute to Joliet by plane.

In River Forest, a Chicago suburb, Lincoln's wife, Laura, an expectant mother, described her husband as "a wonderful husband and father" and at first refused to believe he was in custody.

"He loves children and he hasn't any gun in his car, I know that," Mrs. Lincoln said. Later she talked to her husband in jail and said she will "stick by him" and will obtain legal counsel. Their children are a daughter, 5, and James, III, 3.

## Scientific View Of Arrival Of Spring

At exactly 12:33 a. m. today the earth's axis was at a perfect right angle to the sun. This phenomenon is known as the Vernal Equinox which officially ushers in spring.

Today is one of the two days of the year when inhabitants of the earth enjoy an equal amount of daylight and darkness. September 23, the day of the Autumnal Equinox, is the other time when day and night will be equal in 1946.

While farmers in the north temperate zone are getting ready for their spring sowing, men engaged in the same line of work in the south temperate zone are beginning to hustle in the harvest before the early frosts set in.

Seasons change four times a year simply because the earth's axis is tilted at a 23 degree 27 minute angle away from a perpendicular to the earth's orbit around the sun. In what month man welcomes the various seasons depends on the area of the earth on which he has settled.

## Attack Authority Of Auditor General

**Harrisburg, March 21 (AP)—**Authority of Auditor General G. Harold Wagner to send anyone to jail for failure to produce records for audit was attacked today in the Dauphin county court.

John M. Huston, Allegheny county Register of Wills, who has refused Wagner's demand to tell the whereabouts of \$82,373 in disputed inheritance tax fees, brought a suit challenging constitutionality of a 1929 law giving the fiscal officer the right to impose jail penalties for non-compliance.

Judge Robert Woodside gave Wagner 15 days in which to show why a temporary injunction should not be issued.

Wagner has demanded that Huston tell him the whereabouts of the funds, which he says represent excess fees collected by the Allegheny official over the \$10,000 annual maximum fixed by a 1937 law. That law is now involved in litigation before the State Supreme Court.

## Johnson 'Entitled' To Pension, He Says

**Lewisburg, Pa., March 21 (AP)—**Former Federal Judge Albert W. Johnson said today he was entitled to a \$10,000-a-year pension by act of Congress as "a vested property right which cannot be taken away by a subsequent act of Congress."

Johnson, who resigned as a middle Pennsylvania district judge while his official conduct was under investigation by the House judiciary subcommittee, commented in a statement on the action of the house of representatives this week in passing unanimously a bill to bar him from collecting a pension. The bill went to the Senate for action.

Johnson, now under indictment on conspiracy charges in the same federal court where he sat for 20 years, renewed his denial of charges against him in the report of the House sub-committee and said he would fight them "to the bitter end."

# KENTUCKY WINS CAGE TITLE BY 46-45 VICTORY

By TED MEIER

New York, March 21 (AP)—A sports story that always thrills—how the underdog won the championship against terrific odds—almost came true at Madison Square Garden last night.

The occasion was the final of the National Basketball tournament. Unseeded little Rhode Island state, upset conquerors of Bowling Green and Muhlenberg, led highly favored Kentucky, 45 to 44, with less than 90 seconds to play. A sellout crowd of 18,475 roared hysterically for the Rhodians to complete what would have been one of the season's best Cinderella yarns.

Then, skinny Ernie Calverley, Rhode Island star, fouled Malcolm Campbell of Kentucky. Campbell made good his charity toss and the score was tied with one minute left. Twenty seconds later Calverley fouled Ralph Beard and the substitute Wildcat player tossed in the free throw that won the title for the Southeastern conference champs, 46 to 45.

## Mules Laced

For coach Adolph Rupp's Kentucky aggregation it was a grand climax to a campaign that saw them sweep aside Arizona and West Virginia in the quarter and semi-finals and finish the season with 28 victories against two defeats—by Temple and Notre Dame. In the consolation game, preceding the final, West Virginia swamped Muhlenberg, 65 to 40.

Interest now shifts to the Eastern NCAA Eliminations that open tonight at the Garden. In the first game Harvard, 20-1, tangles with Ohio State, 14-4 and Big Ten champion. In the feature New York university, 18-2, and North Carolina, 28-4, battle in a return contest. Early in the season North Carolina scored a surprise 43-41 win over NYU, but the Violets are favored to reverse the tables. Ohio State, because of its tougher competition, is favored over Harvard, beaten only by Holy Cross.

## Rhode Island Wins Intra-Mural Title

Rhode Island, Senior League champions, defeated Duke, Junior loop titlists, 43-21 Wednesday evening to gain the intra-mural championship of Gettysburg high school.

In a consolation game between the two lowest teams of each league Oklahoma defeated Bucknell 64-16.

## Can Eliminate Two Ice Teams Tonight

(By The Associated Press)

Two of the six American Hockey league sextets participating in the circuit's Calder Cup playoffs can be eliminated from the competition tonight when the contestants play their second games of the championship series.

Facing elimination are Pittsburgh's second place Western Division Hornets who entertain the Hershey Bears and Providence's third place Eastern Division Reds who clash with the Cleveland Barons in Cleveland.

Pittsburgh dropped its opener of a best-two-out-of-three series to the Bears Tuesday night, 3-0, while Providence bowed, 2-0, to the Barons in their best-two-out-of-three set.

Only the pennant winning Eastern Division Buffalo Bisons and the flag winning Western Division Indianapolis Capitals don't have to worry about dropping out of the play tonight.

## WELLIVER GETS STATE MENTION

Cal Welliver, forward on the Gettysburg college basketball team, was given honorable mention for all-state honors in selections released today by the Associated Press. The selections were based on a poll of coaches and sports writers.

Selected for the first team were the following: Forwards, Podbielski, Geneva, and Joyce; Temple; center, Semko, Lafayette, and guards, H. Donovan, Muhlenberg, and Hatkevich, Penn State.

Second team—Baldwin, Muhlenberg; Blitnickoff, Slippery Rock; Zeller, Pittsburgh; Swienicki, Susquehanna; Walters, LaSalle; third team—Zippie, Lafayette; Brumbaugh, Juniata; Gemberling, Lebanon Valley; Paine, Westminster, and Lerner, Temple.

Other honorable mentions were given to Combs, Muhlenberg; Doran, Muhlenberg; Guensch, Albright; Haas, Bucknell; Hollinger, F. and M.; Keath, Elizabethtown; Marquette, Lebanon Valley; K. Rehner, Lehigh; Shirk, Elizabethtown; Shupper, Lebanon Valley; Skovretz, Lafayette; Spenser, Dickinson and Wright, Lehigh.

Lakeland, Fla., March 21 (AP)—Second base, third base and centerfield were the big question marks in the Detroit Tigers' lineup today with the opening of the American league race less than a month away. Eddie Mayo, Tigers' second-baseman last year, and Barney McCosky, pre-war centerfielder, are on the invalid list for the time being and Pinky Higgins is beginning to show a little wear and tear at third base.

## Fairfield Alumni Defeat Varsity

The Fairfield alumni cagers took a pair of games from the varsity teams in games played Wednesday evening for the benefit of the senior class.

Paced by Donaldson and Brown, the alumni boys won a 33-23 decision after the score was deadlocked at 8-8 at the end of the first half. The alumnae girls limited the varsity to a pair of goals and a foul to win an easy 26-5 decision.

# Just Folks

By Edgar A. Guest

**MARCH 21**  
From south to north the sun today  
Proceeds on its celestial way,  
As long ago and all time later,  
Crosses, dead center, the equator.

This day (if watchful) men may  
mark,  
Has equal hours of light and dark,  
And heralds, spite of wind and  
weather,  
That bird and bloom draw near  
together.

This day, by calendars and clocks,  
Begins the vernal equinox,  
And though by storms it comes at-  
tended,  
It's springtime now, and winter's  
ended!

# Today's Talk

By GEORGE MATTHEW ADAMS

## SOURCES OF GROWTH

It is from the better qualities of  
others that we draw so much. We  
combine goodness with goodness,  
quality with quality, joy with joy,  
sorrow with sorrow—thus becoming  
more and more akin with those  
whom we look upon as our friends.

I have never forgotten the remark  
of a famous tennis player who told  
me that she always tried to pick  
an opponent who was a better player  
than she was. This spurred her  
on to play better. That is what  
makes hero worshipers of us all—  
and helps us to gain something of  
the heroic in our lives.

The mind is both plastic and  
absorbent. It takes in ideas, mating  
them with others, and sets many of  
them aside to combine with  
others. It has no boundaries. It  
can overflow, but there is always  
room for freshness and abundance.

We scent the divine qualities in  
others, and often, without a word  
being spoken, adapt and adopt them  
to ourselves. Often a mere hand-  
shake is sufficient. Or a look. You  
cannot see the rays of the sun, but  
you can feel them. And a glance  
at the heavens at night reminds  
us of our littleness—at the same  
time inspiring us with the growth  
and eternity of things.

A seed is planted, and soon it  
pokes its growth into the air, where  
it is welcomed by the sunshine, the  
air, and the rain. Its sources of  
growth are hidden and full of mys-  
tery, but they are there. Likewise  
we grow from endless sources, seen  
and unseen. Many of them are ab-  
sorbed unconsciously. Our eyes, our  
ears, and our thoughts are agents  
of growth.

We gain strength of character by  
dealing with the positives of life.  
The negatives reduce us and shrink  
our personality. We walk away from  
complainers and from those who  
depress us. There is no source of  
growth to be gained from them.

A single act of kindness adds to  
our spiritual growth. Even to look  
upon such an act, performed by  
another, enriches us. Much of our  
mental and spiritual growth is  
gained from exemplary acts.

Tomorrow Mr. Adams will talk on  
the subject: "The Essential Solu-  
tion."

# Seek Gunman In Printer's Slaying

Pittsburgh, March 21 (AP)—Police  
today sought an unknown man as  
the gunman who killed Marcus Drob,  
30-year-old printing company co-  
owner, with a single pistol bullet  
yesterday in front of his office in  
the Hill district.

The slaying occurred as the busi-  
ness man emerged from the door of  
the Drob-Berger Printing company,  
talking with A. Arthur Segall of  
Oakland, who had applied for a  
position as a salesman.

Segall said a small man, about 25  
years old, yelled out: "Hey, you!"  
Drob turned, staggered and fell to  
the sidewalk, a bullet wound in his  
head. He died 20 minutes later in  
Mercy hospital. The assailant fled  
down the street.

# Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY YEARS AGO

**Lloyd C. Keefeauver Is Elected to  
Fill School Vacancy:** At a special  
meeting of the Gettysburg school  
board held Thursday morning in the  
directors' room of the Gettysburg  
National Bank, Lloyd C. Keefeauver,  
Steinwehr avenue, was elected su-  
perintending principal of the Gettysburg  
public schools, succeeding Walter  
D. Reynolds, whose resignation was  
accepted by the board Wednesday  
evening.

Mr. Keefeauver, who has been as-  
sistant to County Superintendent  
W. Raymond Shank since 1922, said  
he has accepted the position at a  
salary of \$2,600 a year. Mr. Kee-  
feauver will assume his new duties  
in July.

At the same time the board elected  
four new teachers, two for the high  
school—Grayson Peters and Mrs.  
Miriam Z. Kelly and two for the  
grades, Ray Shetter and Miss Nellie  
Keller.

John Flesman was elected janitor  
for the new high school building  
at a salary of \$1,200 a year, with  
rent of the playground lodge free.

**Miss Hartley In Play Lead:** Miss  
Ida Hartley, a Gettysburg girl, a  
co-ed at college, plays one of the  
leading roles in the musical comedy  
"The Red Mill" to be staged at  
the Majestic Theatre next Thurs-  
day evening. Miss Hartley will play  
the part of "Gretchen" opposite John  
Sperry, who has been assigned the  
role of "Captain Doris Van Dann,"  
by Dr. Richard A. Arms, director.

Other local people in the cast are  
Miss Reid Longanecker, Miss Dor-  
othy Ketter, Miss Jessica Weaver,  
Miss Jane Robinson and Miss Mar-  
garet Taylor.

**Bream Named Bullet Pilot:** C. C.  
"Junie" Bream, junior at Gettysburg  
College, and for three years star  
guard of the Orange and Blue bas-  
ketball squad, was elected captain  
of the squad for the 1926-27 season  
at a meeting of the letter men Sat-  
urday afternoon.

**W. D. Reynolds Offered Post, Sun-  
bury School:** Walter D. Reynolds,  
supervising principal of the Gettysburg  
public schools and a teacher  
here for the past fourteen years,  
has been offered the position of  
principal of the Sunbury High  
School.

**\$1,000 Blaze At Walters Home:**  
Damage, estimated by firemen to be  
in excess of \$1,000, was caused at  
the home of Harry Walters, Cum-  
berland township, late Monday af-  
ternoon, when fire of undetermined  
origin destroyed the roof of the  
property owned by C. P. Bigham and  
Marshall Bigham, who live nearby.

**Program Is Given At Shamrock  
Social:** A Shamrock social, given  
by the Epworth League of the Gettysburg  
Methodist Episcopal church,  
Tuesday evening, attracted a large  
crowd.

The program included a piano  
solo, Miss Ethel Culp; vocal duet,  
Misses Jeanne Beard and Dorothy  
Gilbert; readings, Miss Thelma  
Ross; pantomime, Misses Anna Wible  
and Thelma Ross, assisted by Miss  
Culp, vocalist, and Miss Dorothy  
Rommel, pianist; recitations, William  
Pensyl; violin solo, Roy Smith, ac-  
companied on the piano by Mr.  
Heckler.

**Student Awarded Amateur Prize:**  
George Bock student at Gettysburg  
College, doing a buck and wing  
dance and singing two baritone solos,  
won first prize at "Amateurs Night"  
at the Majestic theatre Wednesday  
evening. Miss Elizabeth Stallsmith,  
executing a "Jazz Baby" number  
was awarded second prize. Other  
contestants were "The two McCreaf  
boys" in an original comedy skit,  
Merville Zinn, the boy soprano,  
opened the contest, Herbert Stan-  
ton, in his interpretation of the  
Charleston was the other compet-  
ing member.

A large crowd witnessed the open-  
ing of the weekly amateur night  
performances.

**Granted A License:** A marriage  
license was issued (Saturday, March  
20) at the office of Luther C. Plank,  
clerk of the courts, to Guy E. Shelle-  
man, son of Mr. and Mrs. George  
W. Shelleman, Reading township,  
and Miss Goldie M. Peters, daughter  
of Mr. and Mrs. C. B. Peters, Frank-  
lin township.

**College Will Dedicate Its New  
\$125,000 Gymnasium To Memory of  
"Eddie" Plank:** Dr. Henry W. A.  
Hanson announces that the recom-  
mendation of the "Eddie Plank Mem-  
orial Fund Committee," sponsored  
by The Gettysburg Times, to dedi-  
cate the new \$125,000 Gettysburg  
College gymnasium to the memory  
of the veteran southpaw moun-  
tain man of the Philadelphia Athletics  
of a decade ago, was approved by  
the executive committee of the board  
of trustees of the college.

The executive committee com-  
prises Dr. Hanson, Herbert L.

# SENATORS COOL TOWARD BIG 3 PARLEY PLAN

Washington, March 21 (AP)—Senators who heard their colleague, Claude Pepper (D-Fla.), call for a hurried but all-inclusive conference of Russian, American and British leaders appeared inclined today to give UNO first chance at relaxing international tension.

Three reasons lay behind their choice:

1. The United Nations organization was founded for that very purpose.  
2. The UNO security council is scheduled to meet in New York next Monday. Hence there would be insufficient time to arrange a meeting such as Pepper suggested in advance of that date.

3. The widely varying makeup of the group Pepper urged in his foreign policy speech from the Senate floor yesterday.

## Could Cause Trouble

One influential member of the foreign relations committee who asked not to be named said an assem-  
bly which included not only the heads of the three governments, but military, business, labor, farm and veterans' leaders would be "a camp meeting" which might cause more trouble than it would cure.

A similar view was expressed by Senator Ellender (D-La.).

"I don't see that much good would come out of a Big Three conference," he told a reporter. "We've had them before (on a smaller scale) and it seems that everybody misun-  
derstands everybody else. I'd rather see things worked out through the United Nations Organization."

Senator Knowland (R-Calif.) said "we must rely more on the United Nations for the making of decisions which affect the world, otherwise we would be setting up three powers above the law."

Pepper's colleagues were chary of discussing for quotation some of his other proposals, such as destruction of our atomic bombs and plants for making them, and for a loan to Russia or "any other power meeting reasonable conditions." Privately, members indicated heated opposition to both those recommendations.

Senator Vandenberg (R-Mich.), the target of some hefty punches in Pepper's speech, declined comment. A friend said he believed Vandenberg would "not dignify with a reply" Pepper's assertions that the Michigan lawmaker "failed his country as a sentinel when the menace of Hitlerism arose" and that he now is "the most vigorous and powerful advocate of the newest form of isolationism—the exclusive control of atomic energy by the military."

# ROBERTS GIVEN PHILA. AWARD

Philadelphia, March 21 (AP)—Owen J. Roberts, retired United States Supreme Court justice, today held the 24th annual Philadelphia award—worth \$10,000—for making the greatest contribution "to advance the best and largest interest" of the Quaker City in 1945.

Roberts, often called by Supreme Court attaches "the one justice not afraid to smile," was presented the award—created by the late Publisher Edward W. Bok in 1921—last night by Earl G. Harrison, dean of the University of Pennsylvania Law school.

"This man," Harrison said, "realized in 1945 that he had something more important to do than sitting on the highest tribunal in the land. And so he came back to Philadelphia as president of the United Nations Council, to lend his mind, time, energy and strong voice toward the establishment of a world government."

The 70-year-old white-haired Roberts, a Supreme Court justice for 15 years, told a reporter "I don't know what I'll do with the money. This is more cash than I've had at one time in my life."

Commented Mrs. Roberts: "I think I'll have him give it to me."  
Roberts was appointed by the late President Roosevelt to head the special committee that investigated the Pearl Harbor disaster immediately after the Japanese attack.

Previous winners of the award included Symphony Conductor Leopold Stokowski; Connie Mack, owner of the Philadelphia Athletics; Dr. Chevalier Jackson, inventor of the bronchoscope; Singer Marion Anderson, and the late Dr. Russell Conwell, founder of Temple university.

Bradford, Pa., March 21 (AP)—Contact with a high-voltage wire and a 15-foot fall from a pole caused the death of Donal Myers, 7, yesterday in a parking lot at the rear of the Hotel Holley. The child's brother, Arthur, 8, said Donal climbed the pole to recover a toy pistol which had been tossed on top of a transformer.

Wednesday afternoon, in celebration of his ninth birthday anniversary, Walter T. Africa, Plank apartments, Baltimore street, spent the past week in Philadelphia.

Mrs. R. C. Miller, Baltimore street, is spending a week with Mr. and Mrs. Charles K. Miller in York.

Misses Helen and Marian Beales entertained twelve friends at a St. Patrick's Day party Tuesday night at the home of their parents, Mr. and Mrs. C. William Beales, Carlisle street.

# Teachers' College To Mark Anniversary

The seventy-fifth anniversary of Shippensburg State Teachers' college is to be celebrated in connection with the seventy-third commencement exercises, May 24-26. A number of Adams countians who have graduated from the school are expected to attend.

Miss Ada V. Horton, '88, will be the special guest of the college during the ceremonies.

A dramatization of scenes from the early life of the college will open the series on Friday, May 24. Class reunions and reunion dinners will be the feature of Saturday morning, May 25, while in the afternoon the General Alumni association will hold a meeting in the Shakespearean theater. The crowning event of these two days will be the presentation of a guest speaker following the alumni association meeting. The culmination of the day's events will be an Alumni Ball in the Alumni gymnasium.

The unveiling of a bronze plaque in commemoration of Shippensburg State Teachers' college men who made the supreme sacrifice in World War II will be the feature of Sunday, May 26.

# AULD MUST DIE IN GIRL'S DEATH

Camden, N. J., March 21 (AP)—Howard Auld, 25-year-old discharged soldier who said he was wounded in the Philippines, was convicted last night of first-degree murder in the V-J slaying of a pretty Philadelphia waitress.

An all-male jury recommended no mercy. The verdict makes a sentence of death in the electric chair mandatory.

Judge Bartholomew A. Sheehan announced he will set the date of execution for the rangy Bellmawr, N. J., ex-G.I. today.

Rocco Palese, court-appointed defense attorney, said he would ask the court of errors and appeals for a new trial. Failing this, he said he would appeal to the court of pardons to commute the death sentence to life imprisonment.

Auld pleaded insanity to prosecution charges that he murdered Margaret Rita McDade, 23, after a victory party last August 14. His defense counsel argued the army released "a violently homicidal man when it discharged" Auld.

# Mummasburg

Mummasburg — Mr. and Mrs. A. Secrest and daughter, Janet, and son, Dean of Newmansstown, Mr. and Mrs. P. Foiden, of near Fayetteville, were Sunday visitors at the home of Mr. and Mrs. George Foiden, Mrs. Secrest and Mr. Foiden are son and daughter of the Foidens.

Recent visitors at the home of Mr. and Mrs. Ross Knipple were Mrs. Rene Topper, Mr. and Mrs. Calvin Paxton, of Lebanon.

Mrs. Nellie Leatherman spent the week-end at the home of her sister, Mrs. Bessie Riddle, Hanover.

John Cluck, who was confined to the house by illness, is able to be out again.

Prosecutor Gene R. Mariano as-  
serted the former paratrooper was sane and "knew right from wrong." Psychiatrist witnesses for both sides failed to agree on the defendant's sanity.

The young woman's nude and battered body was found in a Haddon Heights (N. J.), sewer five days after the V-J party. An autopsy disclosed she suffocated in the cistern.

## OUTLOOK IS FOR LESS FOOD BUT NOT RATIONING

By OVID A. MARTIN

Washington, March 21 (AP)—The nation's farms appeared likely today to turn out less meats, milk and poultry products for the next 15 months or so.

But the reduction apparently will not be serious enough to force a return to rationing.

An agriculture department survey on farmers' 1946 planting intentions indicates that livestock feed grain supplies, already far short of requirements, may continue below demands for a year after this season's crops are harvested.

### Bumper Wheat Crop

The present shortage of corn and other feed supplies is forcing many farmers to curtail production of meat animals, poultry and dairy products.

On the other hand, the supply of bread grains, also far below demands of domestic consumers and of famine-plagued areas abroad, appears likely to be restored by another bumper wheat crop.

Should this crop turn out as favorably as now indicated, it might be possible for the government to end its present wheat conservation program by late summer.

Thus the edict for darker flour and bread could be lifted without curtailing grain shipments to hungry areas abroad.

### One Dark Spot

The planting survey released yesterday had one particularly dark spot. It indicated that the country may continue to be short of food fats and oils for possibly another year. Prospective acreages of soy beans and flax seed, principal sources of vegetable oils, are considerably short of government goals.

Given favorable weather during the growing season, and assuming that farmers will carry out their planting intentions, the production of vegetables, rice, potatoes and sweet potatoes should be ample.

The nation's cornfields appear likely to be about the same size as last year but about five per cent below government recommendations. The survey also showed that acreages of barley, grain sorghums and tame hay may not come up to goals. This, too, points to the prospect of a drop in livestock production.

## Army Units Reaching U. S.

## NINE DAYS TO GET CAR TAGS

Only nine days remain during which car owners may secure their new 1946-47 license plates to permit them to continue driving without interruption, it was stated in a warning issued to motorists today by the Gettysburg Motor club.

Approximately 2,200,000 renewal applications have been mailed out by the Bureau of Motor Vehicles. The present tags expire at midnight, March 31.

"The renewal applications were mailed in ample time for all car owners to avoid a last-minute delay," the club warning pointed out, "and those who find that they do not have their new license plate by the time the deadline arrives have only themselves to blame."

"Thousands of car owners have already received their new 1946-47 license tags. Motorists who have not already done so should renew their owners' registration at once in order to avoid a last-minute delay at the Bureau of Motor Vehicles."

"Otherwise, car owners may find themselves forced to wait in long lines to get their new license plate in time to meet the deadline, or they may even be forced to wait for several days after the new licensing year starts on April 1 before they can secure their new plates."

## LEWIS PRESSES HIS DEMANDS

Washington, March 21 (AP)—John L. Lewis hammered away anew today on his demand that bituminous coal operators create a health and welfare fund for the industry's 400,000 miners.

The bushy-browed chieftain of the United Mine Workers, who has made veiled threats that the miners will strike April 1 if his demands are not met, still held to his mystifying strategy of virtually ignoring the wage and hour concessions he seeks.

As closed-door negotiation sessions went into their third day, representatives of the mine operators reported that Lewis continued to harp on his safety and welfare proposals.

His strategy appeared to be to force the producers to advance a concrete plan for dealing with the problem. Lewis has made no detailed suggestions himself. A year ago, when he was thundering for a 10-cent royalty on each ton of coal for a \$60,000,000 union health and welfare fund, he followed the same strategy. He wouldn't talk about anything else for the first three weeks of negotiation. There is not as much time this year, however, before the strike deadline.

Lewis finally abandoned his royalty demand last spring, but the operators say they consider this

## OPA Oil Policy Is 'Creating Scarcity'

Washington, March 21 (AP)—The OPA policy on crude oil prices has "contributed substantially toward creating a scarcity value" for petroleum which ultimately must be borne by consumers, a Senate committee was told today.

The testimony was prepared by Merle Becker of St. Louis, Mo., vice president of the W. C. McBride Oil Producing company, for a Senate Oil Investigating committee studying the situation of independent producers.

He said, the OPA has rejected or ignored proposals for higher crude prices made by the Petroleum Administration for War and by several congressional committees.

Independent producers, he asserted, believe government price controls should be eliminated. If this is not done immediately, he said, crude prices should be increased to a level comparable to that of all other raw materials, as shown by the average price index.

year's proposal as a demand for the same thing. Lewis has not used the term "royalty" in connection with his present demand, but his chief lieutenant, UMW's secretary-treasurer Thomas Kennedy, used the word in a speech before the open conference sessions. It caused some buzzing, even though Kennedy volunteered no elaboration.

# SUPREME COURT TO DECIDE ON VET SENIORITY

By MAX HALL

Washington, March 21 (AP)—At last the confusing argument over the seniority rights of returning veterans has been tossed into the lap of the supreme court.

Now we may find out who's correct about it.

Yesterday Abraham Fishgold, a Brooklyn veteran, appealed to the supreme court to protect his re-employment rights. More about Fishgold in a moment.

Here's the background:

Paragraph 8 of the Selective Service act says that a veteran has a right to his old job for at least one year after he returns to it. The law also says a person so restored to his job shall be considered as having been on leave of absence, with no loss in seniority while he was away.

The Biggest Question

But the law leaves a lot unsaid. The biggest unanswered question is this: Must the veteran be given his old job even if it means the firing of a worker with greater seniority?

Government agencies have never been able to agree on this question. Selective Service and the Labor Department are on opposite sides.

Selective Service long ago took the position that the veteran must be given his old job or one of equal status, in preference to all non-veterans, regardless of their length of service with the company. This doctrine is sometimes called "super-seniority."

The Justice Department, after remaining neutral for a while, decided to support the Selective Service interpretation.

Union's Stand

Labor unions took another view. They didn't object to the rehiring of veterans—in fact they have encouraged it. Veterans belong to unions, too. But the unions argued that the seniority system—giving preference in hiring and layoffs to men with the longest service—has been established in industry after a long struggle. The said "super-seniority" would wreck that system, and in the long run would injure veterans along with other workers.

The unions made quite an issue over this, partly because they feared that "super-seniority" was really an anti-labor move.

The Labor Department supported the union's interpretation of the law.

Veterans' organizations are divided in their opinions. The American Legion, for one, strongly supports the Selective Service position. A spokesman said today the Legion may decide to intervene in the Fishgold case before the Supreme Court, in order to battle for the Selective Service view.

Four Decisions

So far, there have been four decisions in federal courts. Two have gone one way, and two the other. The Fishgold case is the only one that has been decided by a U. S. Court of Appeals.

The Sullivan Drydock and Repair company, Brooklyn, had to make some layoffs. On two different occasions it laid off Abraham Fishgold, a welder, and kept non-veterans on the payroll who had longer service with the firm. Fishgold said this was a violation of the law, since he had not yet been back on the job one year and his special status as a returning veteran was still in effect.

Federal Judge Matthew T. Abruzzo, of Brooklyn, ruled in favor of Fishgold—thus upholding Selective Service. But two weeks ago, the U. S. Circuit Court of Appeals at New York, in a 2-1 decision, reversed Judge Abruzzo—thus upholding the Labor Department.

The Court of Appeals held that it was not the intent of the law to give industrial priority, regardless of length of employment, to "unmarried men—for the most part under 30—over men in the 30's, 40's, or 50's, who had wives and children dependent on them."

However, the court said: "The fact that we are ourselves not agreed cautions us that we should not be too sure of our conclusion; and obviously the really important matter is that the question should reach the Supreme Court as soon as possible."

## Woman's Nephews Held In \$5,000 Loss

Greensburg, Pa., March 21 (AP)—Police said four grand-nephews of Mrs. Catherine Krivonik, 90, were arrested in connection with the disappearance of some \$5,000 cash from a trunk in her home in Bagdaley, a Westmoreland county mining village.

State Policeman Leo Miller said a burglary charge had been filed before Alderman E. R. Frederickson of Greensburg against Andy Rabid, 24, of Latrobe R. D. 3, and charges of fraudulent conversion were brought against his three half-brothers, Stephen Krivonik, 24, of Bagdaley, and John and Joseph Krivonik of Latrobe R. D. 3.

## East Berlin

East Berlin—Wayne Bishop, formerly of R. 1, was recently discharged from the navy and with his wife and daughter, Jayne, has been visiting his parents-in-law, Mr. and Mrs. Clyde Kimmel, near Dillsburg.

The last of the four soldier sons of Mrs. John H. Eisenhart arrived home recently when the youngest, Harold L. Eisenhart, was discharged after European duty. He is spending some time at his mother's home where his elder brother, John, also recently released from the army, is residing. Of the other two veterans, George has now moved to Hanover with his wife, formerly Miss Mary E. Baker, and James is operating a plumbing business here with George E. Smith, a marine veteran. A fifth brother, Lester, formerly of Litz, who with his wife and two children resided for a time with his mother, moved to Hanover early this March.

Solicitations for the 1946 Red Cross drive have been placed in charge of students at the local high school who are working among the people of the borough and their home townships.

The Lenten Week of Prayer and Self-Denial was conducted by Trinity Lutheran church members last week with meetings at the homes of various churchwomen. A service took place each evening with these leaders: Mrs. D. Earl Wagner, Mrs. Edward R. Reynolds, Mrs. Martin L. Slothour, Mrs. Herman Myers. A Lenten service takes place at the church each Wednesday evening at 8. The Rev. Snyder Alleman is pastor.

Nevin E. Baker, son of Mr. and Mrs. Edgar A. Baker, Paradise township, who has been with the Army Air Corps at McChord Field, Wash., is now at the home of his parents.

He is a graduate of the local high school.

More than \$12,000 was taken in at the recent sale of stock, farming machinery, etc., at the home of Mr. and Mrs. Lester King, this section. It is said to have been the largest sale conducted in this area within recent years. Vehicles were parked as far as a mile from the entrance of the farm and licenses from 3 outside states were noted. Mr. King, who has abandoned farming, made some of the farm machinery himself after his original inventions.

Mr. and Mrs. Bayard Whittington announce the birth of a son, Carlton Eugene, March 10, at the home of her parents, Mr. and Mrs. George E. Mummett. Mrs. Whittington is the former Miss Arlene E. Mummett, who was discharged from the WAVES last spring after a year's service. She was the only East Berlin woman to enter the armed forces. Her husband is in the navy.

Recent visitors to this section were Mr. and Mrs. L. Goldstein and son, Spencer, and daughter, Carol, Silver Spring, Md.

Howard, son of Mr. and Mrs. Harry Laughman, R. 2, has been confined to his home by illness.

Mr. and Mrs. Charles Burgard and son, Harold, and Mr. and Mrs. Theodore J. Lehr and daughter, Donna, York R. D., were recently entertained by Mr. and Mrs. Nevin C. Mummett and family, R. 3. Pic. Richard J. Mummett, son of the hosts, has returned to Camp Gordon, Ga., after a 30-day furlough at home.

A large attendance and good prices were noted at the public sale on Saturday of the real estate and personal property of Mr. and Mrs. William A. Sinner, who with their daughter, Miss Katharine, are moving to the house in York which they recently purchased. The house where the Sinners have lived since aban-

doning farming near Red Run church in 1923 was sold for \$6,230 to Clifford M. Barnes, who has been residing next door. The Sinners' daughters, Mrs. Fred Diehl, Everett, and Miss Helen E. Sinner, Atlantic City, N. J., their son, Carl L. Sinner, a student at college in Philadelphia, as well as Mr. Diehl and daughter, Phyllis, were week-end visitors at the Sinner home.

The local Lions club is in charge of the building of cupboards for storage of books to be used by the borough chapter of the Adams County Free Library association, who are using the local fire engine house for their library room. The county's book-mobile, in charge of Miss Kathryn Oiler and Dr. Robert Bream, Gettysburg, visited here during the past week.

Mr. and Mrs. Earl E. Zeigler and daughter, Gloria, who have been residing with her parents, Mr. and Mrs. W. Krout, R. 3, have taken possession of the Guy Julius property opposite the post office. Earl Zeigler, son of Mr. and Mrs. Orville J. Zeigler, was recently discharged from the navy.

Mrs. Emma Jacobs is improved after suffering a painful back injury recently when she fell down four steps of a stairway at the home of her relative, Mrs. Nevin A. Decker, where she was attending Mrs. Decker who has been ill.

Mr. and Mrs. William G. Ream, who have lived several years at Spring Grove, recently returned to reside at the Paradise township farm where they had made their home earlier in their married life. Mrs. Ream is the former Miss Teresa Wise of this section.

The Mite society of Zwingle Reformed church conducted a turkey supper and refreshment sale at the social annex of their church on Saturday evening.

Mrs. Nevin A. Decker, who had been critically ill at the Harris-

burg General hospital where she submitted to an operation in January, is now able to be about her home.

A skating party at Hanover is being planned for the benefit of the local Boy Scout troop. It will take place Thursday evening, April 4. Leonard L. Myers is scoutmaster.

Shirley Spangler, Shirley A. Burdard, Peggy J. Mummett, Janet Wolf, Doris Jean Berthelmer, Gloria Goulden, Doris Ann Fitzkee and Darlene Grove were received as members of the local Girl Scout troop at the recent investiture ceremony in charge of Miss Marian Tupper, York Springs, lone troop consultant appointed by the national headquarters. These adults were invested as members of the local troop committee: Mrs. Lester E. Brown, Mrs. Sherman Krall, Mrs. Charles L. Gentzler and Miss Julia G. Glafelter. Parents and friends of the local Scouts, with the intermediate troop and troop committee from York Springs, in charge of Miss Tupper, were guests. Mrs. Lester E. Brown has been made leader of the newly-formed senior troop here. A court of awards was also held in charge of Mrs. Robert S. Lau, local

## Stream Cleanup In State Progressing

Harrisburg, March 21 (AP)—The Commonwealth's clean streams campaign "is well advanced," the Sanitary Water Board reported today.

day, with 95 per cent of all communities involved, under notice to prepare plans for sewage treatment plants.

Notices were sent yesterday to 40 more municipalities, bringing the total to 502, and the remaining five per cent will get their notices soon, said a board spokesman.

He emphasized the board still is handicapped by a lack of key personnel needed to train more read-

ily available subordinates; by the machinery of processing their appointments, and by "delays inherent in action by municipal officials."

Thirty-eight communities which had "good and sufficient reasons" for being unable to meet deadline for reporting progress were granted more time.

Joe Gordon Severs Tendon At Practice

St. Petersburg, Fla., March 21 (AP)

The New York Yankees have made such an awesome impression on everyone who has seen them this spring that even the prospective absence of such a key player as Second Baseman Joe Gordon from their line-up is not likely to affect their standing as favorites in the American league.

Gordon, injured in Tuesday's game against the Cardinals here, might be ready to play on opening day, but it seems doubtful, considering the nature of the injury to the middle finger of his glove hand. The tendon was severed when Bob Rhawn of the Cards went kiting into second with his spikes flying, and, although X-rays have shown the bone was not fractured, the finger must remain in splints for an in- definite period.

As it developed, this program was not followed. Stinson explained that the president went to Warm Springs, Ga., for Thanksgiving and that in the interim between his return De- cember 1 it was learned that the Japanese expedition was landing in Indo-China rather than going on into the Gulf of Siam.

"This appeared to give us a little respite, since it indicated that per- haps they were not going to invade Thailand at once," he said.

was treasurer of the organization last year. He is a past president of the Rotary club and was chairman of the Chamber of Commerce In- dustrial committee. Mr. Kinsey was also an active member of Christ Lutheran church, serving at one time as treasurer of the Sunday school and also the church council.

In his new position Mr. Kinsey will have charge of the Rural De- velopment program. It includes the extension of electric service lines to all parts of the company's rural ter- ritory and the development of a program to promote rural utilization of electric service.

Mr. Kinsey's successor here, Mr. Lenhart, assumes his duties April 1.

Conducted Surveys

A Penn State graduate in elec- trical engineering, Mr. Lenhart be- gan his professional career with the Carpenter Steel company, in Read- ing. For a brief period he served as an instructor in electrical engi- neering and in February, 1925, started his electric utility experi- ence with the W. S. Barstow com- pany, an engineering firm engaged in the design, construction and management of electric utility com- panies. He conducted special studies and surveys in many cities.

**SOLONS WANT MORE DATA ON VARDAMAN ACTS**

Washington, March 21 (AP)—Senators who heard references to burned statements, a farm mortgage and a "jimmied" file cabinet called for more testimony today concerning past business transactions of Commodore James K. Vardaman, Jr.

Frank O. Bittner, Jr., St. Louis shoe manufacturer, who answered questions at two sessions yesterday, was summoned back before the Senate banking subcommittee considering Vardaman's nomination to the federal reserve board. The commodore is President Truman's naval aide.

**"Burned Statements"**

Senator Donnell (R-Mo.), leading the fight against Vardaman, read a memorandum late yesterday which said that Vardaman and Frank Williams, attorney for Bittner, stepped "into a toilet room" of Williams' law office in St. Louis and burned "two signed statements."

This was done, Donnell said, to "settle Bittner's claim" against Vardaman involving the sale of 9,375 shares of stock in the Vandaman shoe company. Bittner told the senators earlier he had been "defrauded" on this stock sale.

Donnell said the signed statements were burned after Vardaman "on Clifford's advice" gave Bittner a mortgage on a farm owned by Vardaman. Navy Capt. Clark Clifford is Vardaman's assistant as naval aide and has been serving as his counsel at the hearings.

**Cites Phone Call**

Donnell also brought the name of Democratic National Chairman Robert E. Hannegan into the hearing, but Bittner said he had not talked to the party chief who also is postmaster general.

Instead Bittner said a friend of his who also knows Hannegan asked Bittner to call a St. Louis hotel room. When he did, Bittner said Walter Wulfner, a St. Louis coffee man, and a second man named "Nacy" urged him to not oppose Vardaman's nomination.

Donnell said Richard Nacy is an aide to Hannegan, but the Democratic national committee later issued a statement by Nacy, executive vice chairman, denying he had ever talked to Bittner and adding:

"If anyone spoke with Mr. Bittner and represented themselves to be Richard R. Nacy, they were an impostor."

**State Farmers Will Sow 874,000 A. Of Oats**

Washington, March 21 (AP)—Pennsylvania will plant approximately 874,000 acres of oats this year, two per cent better than last year's plantings, the department of agriculture reported yesterday.

The department estimated a total of 1,392,000,000 bushels of oats would be produced in 1946 in the United States as compared to 1,547,663,000 last year.

Approximately 140,000 acres of potatoes will be planted in the Keystone state this year, 10 per cent less than in 1945. The department said the total national potato crop is expected to be 388,705,000 bushels, compared with 425,131,000 last year.

**No Announcement From Truman On '48**

Washington, March 21 (AP)—President Truman said today that he would make no announcement on Saturday night that he will be a candidate for re-election in 1948.

The Chief Executive is scheduled to speak then to a Jackson Day dinner sponsored by the Democratic national committee. He told a news conference it would be a political speech. But he replied in the negative and with a chuckle an inquiry whether he would announce at the time his candidacy for re-election.

Politics figured in the news conference at another point when Mr. Truman was asked whether he agreed with Secretary of Commerce Wallace that party members who get out of line should be disciplined.

The President laughed and said that he and Wallace never had discussed that. But it is necessary, he added, to hold the party in power in line to get its program over.

## Governor Martin Fires Shroyer As Secretary Of Highways For "Disloyalty"

### CANDIDATE TO TAKE HIS CASE TO PA. VOTERS

Harrisburg, Pa., March 21 (AP)—John U. Shroyer, fired as state Highways Secretary by Governor Edward Martin for disloyalty to the GOP administration, took his candidacy for the Republican gubernatorial nomination to the voters today with the backing of a so-called "new guard of Pennsylvania."

The 63-year-old Shamokin (Pa.), dress manufacturer, refusing Martin's request to resign, was dismissed formally yesterday in a letter made public by the governor.

Shroyer is backing Attorney General James H. Duff, the organization-backed candidate for governor.

"Tough" for Governor

Martin, a party candidate for nomination to the U. S. Senate at the May 21 primary, wrote Shroyer that "your remarks while still a member of my cabinet make it clear that you are no longer loyal to, or in sympathy with this administration's policy of government."

Shroyer, who declined comment on his dismissal pending consultation with his friends, was endorsed for the governorship yesterday by William H. Harman, Philadelphia industrialist and chairman of the "new guard of Pennsylvania," an independent Republican group.

Martin told newsmen that dismissing Shroyer was "one of the toughest things I've had to do in my career." The two have been personal friends for more than 40 years.

Deputy Secretary Ray F. Smock, whom Martin designated as acting head of the Highways Department, said at Meadville last night he was "100 per cent behind Duff."

Asked for "Leave"

Martin said the former secretary wanted a 60-day leave of absence "which, of course, I refused to give after his address at Washington, Pa."

Shroyer had called for a veterans' program—"and not just talk about it" in that speech last Monday night.

Martin said in his letter to Shroyer:

"I had earnestly hoped that nothing would arise which would place you in opposition to the policies of this administration, which you for three years and two months have helped to make and have at all times been one of the loudest and most ardent supporters."

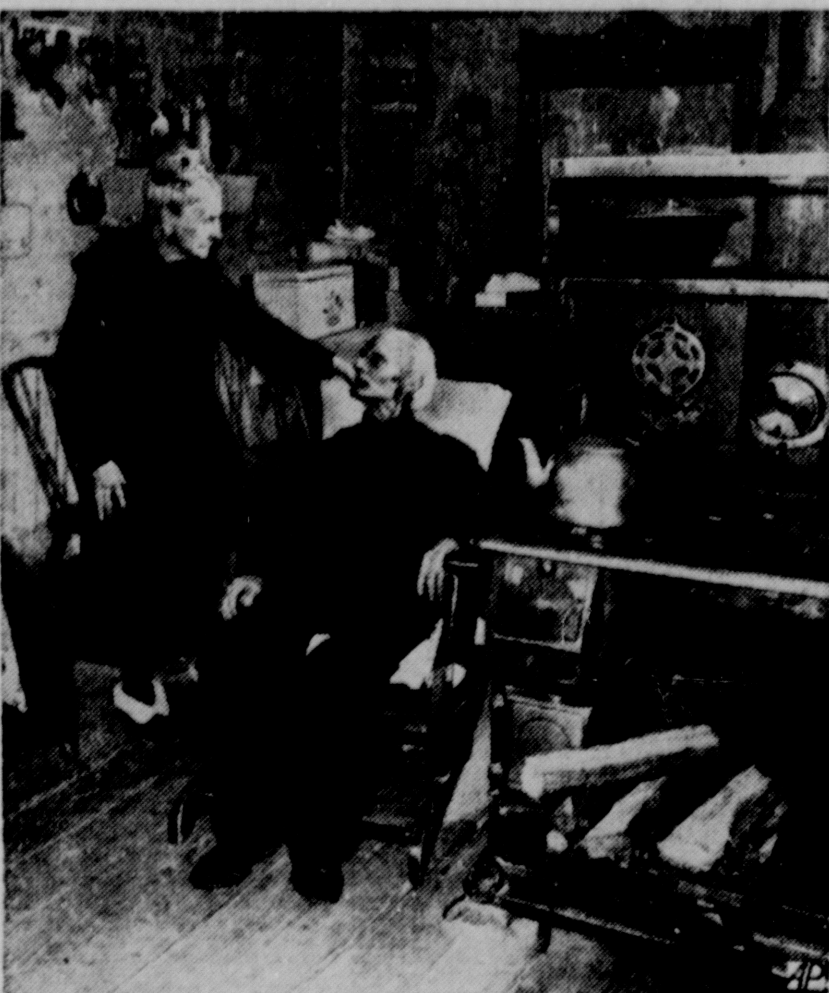

"After more than forty years of personal friendship, I naturally expected that when your position became inconsistent with the administration you would have extended to me the courtesy of tendering your resignation."

Martin added that "every person has a right to seek public office. This right should not be denied to any citizen."

The former secretary, meanwhile, said he was "moving out bag and baggage" from the department.

The controversy came to a climax when it was discovered that Shroyer had sent dismissal notices to Bernard Harding, Scranton district engineer of the Highways Department, and two of Harding's subordinates.

### STATE AT TOP IN PRODUCTION OF ICE CREAM

By LEONARD A. UNGER

Harrisburg, March 21 (AP)—Pennsylvania, making on an average of five gallons of ice cream for each one of its citizens, ranked today as the No. 1 producer in the country.

State Agriculture Secretary Miles Horst, disclosing that the Keystone State produced 50,225,000 gallons of ice cream last year, said New York was second with 46,370,000 gallons and California third with 38,710,000 gallons.

Preliminary federal-state estimates for 1945 showed production fell five

per cent from 1944 and was 4,000,000 gallons under the all-time record of 54,256,000 gallons manufactured in the nation's top ice cream state during 1942.

Production in 1943 was 48,273,000 gallons and the 1944 output was 47,814,000.

For the first half of 1945, Pennsylvania ice cream production was only about 20 million gallons, but with the removal of price ceilings on cream production jumped to more than 30 million gallons in the same half of the year, an 18.7 per cent increase over the same six-month period in 1944.

Horst said removal of cream price ceilings diverted much of that production away from butter-making.

For the nation as a whole, 1945's ice cream production was estimated at slightly more than 471 million gallons, six per cent more than the 1944 production and the largest annual output on record. It exceeds the previous peak in 1942 by nearly two per cent.

All restrictions on the manufacture of ice cream were lifted last September 1, but the sugar shortage prevented even larger production records in the state and nation, Horst remarked.

Cooler weather of the past few days brought temporary relief to Pennsylvania's fruit growers, many of whom feared repetition of last year's unusually early warm weather which preceded killing frosts.

### COUNTY IS FEATURED IN CLUB'S PAPER

The following interesting article on I. Z. Musselman, of Orttanna, written by J. C. Bowman, appears in the current edition of The Rotary Sunbeam, official publication of the Rotary Club of St. Petersburg, Florida:

"When you eat a piece of your favorite apple or cherry pie, if you're anywhere east of the Mississippi, you may be enjoying fruit grown and processed by I. Z. Musselman, our winter visitor from Gettysburg, Pa.

Tender Slices

"Processing apples isn't as simple as you might think. First you have to start with the right variety: York, Winesap, Grimes Golden, or Golden Delicious. After the apples are graded and peeled and sliced, they are given a vacuum and then a steam treatment; and then, packed in cans, and exposed to more heat. The trick is to produce slices, uniformly tender, that keep their shape when served in a pie. The present method of processing is the result of exhaustive experiment and constant improvement and I. Z. believes his product is tops.

"I. Z. was reared on a farm near Lancaster, Pa. In 1913 he married and bought a farm near Gettysburg; and with his uncle, started out to develop a fruit business. He now

owns 800 acres of apple and 200 acres of cherry orchard. As his holdings increased he began processing his fruit. This business has rapidly expanded. In addition to an extensive output of cherries, he processes more than half a million bushels of apples each year. He caters to the bakers and hotel trade.

on all such actions, said no notices had been transmitted to the office and the three employees remained on the payroll.

owns 800 acres of apple and 200 acres of cherry orchard. As his holdings increased he began processing his fruit. This business has rapidly expanded. In addition to an extensive output of cherries, he processes more than half a million bushels of apples each year. He caters to the bakers and hotel trade.

Pioneered In Business

"I. Z. takes pride that he has pioneered in fruit business in his county. His success has induced others to try their luck, and now his district is widely known for its orchards and processing plants.

"I. Z. has trained his son and his

son-in-law so that they are actively managing the business. Just now his company is constructing a 30,000-square-foot warehouse and a 203 by 161-foot cold storage plant.

"I. Z. is also a director of the First National bank of Gettysburg. He is an active church worker, and has helped organize his denomination throughout the country in relief work for devastated Europe. Many breeding cattle and many carloads of wheat are being shipped aboard.

"I. Z. has been spending his winters in St. Petersburg for so long that it has become a fixed habit. He finds recreation at the shuffleboard courts. One season he won the Open Tournament. He has traveled with the local teams to tournaments throughout Florida but he hasn't found any other town or tourist center he likes as much. We are surely happy to have him as a regular winter guest. He's a fine, outstanding business man, with high ideals, plenty of energy and know-how."

Mr. Musselman is captain of the "Pennsylvania" shuffleboard team now taking part in the 22nd annual festival of states Shuffleboard tournament at St. Petersburg.

# News Of Special Interest To The Residents Of Emmitsburg And Vicinity

## BREAK GROUND FOR NEW SHOE FACTORY TODAY

Construction of a new \$65,000 shoe plant in Emmitsburg is scheduled to start within the next few weeks, L. E. Beaudin, owner of the establishment, announced today.

The plant, which was brought to Emmitsburg through the efforts of the Emmitsburg Lions club, will be the third Beaudin branch to be constructed, with other plants previously located at Hanover and Fairfield.

The Emmitsburg branch will employ "between 225 and 250 people," the Hanover manufacturer said.

The site for the Emmitsburg branch plant was staked out Wednesday by O. H. Hostetter, Hanover contractor, who expected today to break ground for the two buildings to be built there.

**Lions Raising \$50,000**

Beaudin said that the contractor plans to turn over the completed building by August 1 to the Beaudin

company and that work would probably start at the plant on September 1. Beaudin added that different types of shoes will be manufactured at the three plants with an entirely new type of shoe to be made, after the Emmitsburg branch is in operation, at the Hanover plant. The types made in the present two plants then will be constructed at Emmitsburg and Fairfield.

To secure the project the Lions are raising \$50,000 which will be spent in the construction of the plant which Beaudin estimates will cost \$65,000. The \$50,000 will be paid back with interest within the next five years, he said today.

Two buildings, one 265 feet long and the other 250 feet long, will be constructed side by side on the old fairground property. The front part of the buildings will be of brick and they will face toward the Frederick road. The main building will be two stories high in front and one story in the rear, Beaudin added, while the second building will be one story throughout. The structures will be of wood and steel.

**Lions' Committee**

The committee in charge of arranging for the location of the plant at Emmitsburg included Lions

## Baseball Association Chooses Its Officers

Plans to take part in the Adams county and Penn-Maryland baseball leagues were announced Tuesday evening at a meeting of the Emmitsburg Baseball Association held in the Fireman's hall.

With 50 persons attending, Dr. W. R. Cadle was elected president; Bernard H. Boyle, vice president; Leslie Fox, treasurer and Harold Hoke, secretary. Twelve directors were named to conduct the business of the organization. The officers were named by the directors who also appointed committees to raise money, draw up resolutions and condition the community baseball field owned by the fire company. The team, sponsored by the association will play ball on Saturdays in the Adams County loop and on Sundays in the Penn-Maryland.

## Spring Brings Down State Snow Fences

Winter is over in Maryland. At least that was the only conclusion that could be reached Wednesday afternoon when employees of the Maryland state highway department were seen busily removing the snow fences from the fields near roads radiating out of Emmitsburg.

## FATHER BURKE TO MARK 40TH ANNIVERSARY

The Rev. Fr. James G. Burke, professor at Mt. St. Mary's college, in September will celebrate the fortieth anniversary of his arrival at the college near Emmitsburg as a teacher.

Actually the educator has been connected with the Emmitsburg college for the past 47 years, going there in 1899 to attend Mt. St. Mary's seminary.

In a recent interview Father Burke pointed out:

"You would hardly recognize the Mount of forty-six years ago as the Mount of today. When I came to America from Ireland to enter Mount Saint Mary's Seminary in

Rev. James G. Burke

1899, the Mount had fewer and smaller buildings than it has today. "Our Chapel was the small building at the foot of the Mountain that is now being used as the chemistry laboratory," he explained further. "The Chapel, the Seminary, the Gymnasium and the Administration Building have all been erected during my time."

**At Mount Since 1906**

Father Burke, who has held a professional post at the Mount since 1906, was born in Ireland on February 12, 1876. In Ireland, he attended the Irish National School and Mungret College, the famous Jesuit school in County Limerick. After having been ordained to the Holy Priesthood at the Mount on June 14, 1900, by the late Most Reverend Edward P. Allen, D.D., Bishop of Mobile, Alabama, Father Burke was assigned to do mission work in the Diocese of Mobile. He remained there until September, 1906, when he was asked to return to the Mount to teach.

"I've made the Mount my only home ever since," said Father Burke. "I taught mathematics, Latin, French and Greek. Of these, I taught math the longest and I might add that I enjoy teaching it more than the other subjects."

**Mountmen Have Changed**

"Even the college student of yesterday's Mount was different from those of today. He was more serious about his work, he had more esprit-de-corps and on the whole, he was a better student both in scholastic work and in his personal appearance."

"There was a time," Father Burke recollected, "when a student wouldn't think of entering a classroom unless he had a tie on and a suit coat. Today Mountmen have many more

advantages and privileges than former students. They didn't have rooms then but dormitories instead."

During his forty years here, Father Burke has had many of the present faculty as students including John J. Sheridan, the college treasurer, Father William P. Culhane, the Prefect of Studies, Father O'Donnell and Father McNells.

"Yes, I taught some 'father-son' students, too. I taught Ralph Keating's father in 1910 and now I have Ralph in my freshman math class."

## Remembers Screen Star

"One of the most outstanding social events ever held here at the Mount was the bazaar we had back about 1925 when Tom Meighan, the famous silent screen star, visited here," remembered Father Burke.

Besides holding his teaching position, Father Burke has served at various intervals as Vice-President, Treasurer and Secretary of the College Council. It was during his tenure of office as Treasurer, that the Administration Building was built.

Mr. and Mrs. Charles R. Fuss have sold to Mr. and Mrs. John C. West two parcels of land totalling 125 acres located three miles southeast of Emmitsburg, according to a deed recorded at Frederick. The consideration was \$8,500.

## NEW FIRE ENGINE READY FOR USE AT EMMITSBURG

Emmitsburg's new \$6,000 fire engine is scheduled today to enter, for the first time, its permanent home—the engine house.

The firemen planned to place a 30-foot I-beam under the floor of the engine house so that the floor would support the 10,000 pounds that will be added to the present weight carried by the flooring when the new engine is rolled in to join the old engine and the CD pumper that the company has purchased. Fire Chief Herbert W. Roger said today.

Since arrival of the pumper in Emmitsburg late Sunday afternoon, it has been stored at Sperry's garage because of fears that the flooring at the engine house would not support the weight, Chief Roger said. The weight of the Ford V-8 158-inch wheelbase truck is 7,500 pounds. With equipment and with its 300-gallon booster tank filled ready for any emergency the weight will climb to 10,000 pounds or better, he added. The truck, with a 100-horsepower

Mercury engine has a capacity of 400 gallons per minute, has two booster hose reels and hose and space for 500 feet of 2½-inch hose and 400 feet of 1½-inch hose.

The truck was driven the 561 miles from Battle Creek, Mich., to Emmitsburg by Chief Roger and Assistant Chief John J. Hollinger. The two Emmitsburgians flew from Frederick to Detroit last Thursday and then went by train to the plant at Battle Creek. Driving the new apparatus the two men left the Michigan city Saturday morning, spent Saturday night at Pittsburgh and arrived in Emmitsburg at 4:30 o'clock Sunday afternoon.

The old fire engine, a 1930, four-cylinder Ford model, will be retained as auxiliary equipment.

## Canvass for Funds

Charles F. Troxell, president of the Vigilant Hose company, has announced that there will be a canvass of the town and community in the near future to secure funds towards payment of the new apparatus. Officers of the Vigilant company in addition to President Troxell and the chief and assistant include J. William Rone, vice president; Norman Hoke, secretary; J. Elmer Zimmerman, treasurer; second assistant chief, Lloyd Fite; chief Nozzelman, Henry Gerkin; hose director, George Ashbaugh. Directors day and Wednesday evenings.

## Emmitsburg

Patrick Pepler, Michigan State college, is visiting his mother, Mrs. Ruth Pepler, and grandmother, Mrs. Bruce Patterson, West Main street.

M/T Sgt. Richard Zacharias, Cherry Point, N. C., spent the week-end with his wife and daughter, and also his parents, Mr. and Mrs. John Zacharias, West Main street.

Mrs. Roy Bollinger is spending several days at the home of her son-in-law and daughter, Mr. and Mrs. Halbert Poole, Jr., and family, Silver Spring, Md.

Lt. Matthew Paidakovich, Texas, is spending his leave with his wife, the former Miss Dora Elder, and son, at the Elder apartments.

William Smith and Joseph H. Elliot, both of Baltimore, spent the week-end at their respective homes here.

of the company include Charles F. Troxell, chairman; C. A. Harner, George Eyster, C. G. Frailey and Ralph Sperry.

Drivers include Chief Rogers and Assistant Hollinger, Ralph Sperry and Herbert White. Demonstrations of the pumper were conducted Tuesday and Wednesday evenings.

## MOLE AND BULL FIGURE IN BIG SALE MYSTERY

This is no bull, brother.

Auctioneer Earl Bowers was conducting sale last Wednesday at the farm of G. Wilbur Naylor near Emmitsburg. Up and up went the bidding on a pure bred Holstein herd sire. The price rose to \$202.50 and then the auctioneer declared the animal sold.

A gentleman came up to the clerks and gave his name as C. Mole.

### It Happened Before

When the sale was over the Clerks Robert Grimes and Carl Haines began to check and found that the bull had not been paid for. They also found the bull was no longer loitering around the Naylor premises.

Since then neither the auctioneer, clerks nor Naylor have heard anything from Mr. Mole, who like his namesake has apparently gone underground. They have even offered a reward of \$50 for information leading to the recovery of the bull.

So far all they have learned was that a bull sold at the Dunbar sale in Fairfield last year disappeared in the same manner. Which of course does not help matters much.

## Wedding

Kalb—Kellholtz

A pretty wedding took place in St. Martin's rectory, Baltimore, last Saturday at 7 p. m., when Miss Ruth Marie Kellholtz, daughter of Luther H. Kellholtz, near Emmitsburg, became the bride of John Louis Kalb, Jr., son of Mr. and Mrs. John Kalb, Sr., of Baltimore.

The pastor of St. Martin's Catholic church performed the ceremony, which was attended by 175 friends of the couple. The bride, who was attired in a beige suit with black accessories and wore a white orchid, was given in marriage by her father, Luther Kellholtz. The matron of honor and best man were Mr. and Mrs. Edward Kalb, brother and sister-in-law of the groom and the other attendants were the bride's brother and sister-in-law, Mr. and Mrs. Harry Kellholtz, of Harrisburg.

A reception followed the ceremony at the home of the groom's parents at 1926 West Fayette street, Baltimore. A three-tier wedding cake adorned the dining room table, which was attractively decorated for the occasion. Two hundred guests and friends attended.

The couple left for the South on a wedding trip. Prior to the wedding there were several showers given for the bride, including a breakfast and shower given in the dining room of the May company by the employees of the sports department where the bride is employed.

The groom is a recently discharged war veteran.

Those who attended the wedding from near Emmitsburg were Mr. and Mrs. Carroll Kellholtz and Luther Kellholtz.

## BIG 5 SPLIT ON ALLOCATION OF UNRRA SUPPLIES

Atlantic City, N. J., March 21 (AP)—A sharp cleavage developed today among the Big Five powers over a Russian-Chinese backed effort to curtail the allocating powers of the combined food board which controls the flow of groceries supplied for world consumption by Canada, England and the United States.

Opposing the move were the United States and Britain, supported by Canada.

These three countries comprise membership of the board which had been under constant attack since delegates from 47 nations convened here Friday for UNRRA's biennial council meeting.

France's Stand Uncertain  
Just where France stood remained temporarily uncertain. Assistant Secretary of State Will Clayton, however, called attention yesterday to

Russia's plan to sell wheat to France

—"reportedly for U. S. Dollars."

Clayton said this would mean a probable resurvey of the amount of wheat allocated to France from the amount available for parceling out by the combined food board. Under the board's present schedule, France was to have received 1,800,000 tons from the United States and Canada.

There was no question where China and Russia stood on the issue. The Chinese delegate told the conference bluntly yesterday he was "full of anger" against the board, saying that some of its allocations "cannot be justified on any grounds." Russia's Nikolai Feonov took a similar position earlier.

Maria Jeritza, opera soprano, was born in Moravia in 1888.

## Two Girls Pinned To Sidewalk By Tree

Pittsburgh, March 21 (AP)—Struck by a tree that was being chopped down, Ruth Tushling, 16, and Carol Frownfelter, 16, were patients today in Southside hospital.

Police said the mishap occurred yesterday when branches of the tree pinned the girls to a sidewalk. Miss Tushling suffered a cut on the head and a possible skull fracture; Miss Frownfelter received a back injury.

Dallas, (AP)—Kirby Jackson, cashier at the Dallas internal revenue department, was trudging down a hallway when someone asked him for a dime. Jackson replied that he didn't have a dime. At the moment he was carrying \$11,074,000.

# SUDANESE COOK HAS ONLY ONE VERY BAD HABIT

By HAL BOYLE  
Cairo, (AP)—Awad Hassan Aly has only one really bad habit. He likes to wash his feet in the kitchen sink. That kitchen is workshop and temple for Awad, who looks like a cross between "Little Orphan Annie" and the end man in a minstrel show. He is known variously as "Awad the Great," "Awad the First" and "The Tarboosh Kid."

He is a 15-year-old orphaned Sudanese boy, lean and gangling with feet like tennis racquets and dangling hands; as big as baseball gloves. He also has a grin as wide as a Kansas sunflower and a sweet and simple soul shining as his own white teeth.

Free Notched by Barber  
It is something of an open question whether "Awad the First" was adopted by a group of Associated Press correspondents here or he adopted them. In any case his realm for two years has been their apartment and his reign is now irrevocably established. He has more titles

Fairfield — Recent guests of Mr. and Mrs. C. Leroy Sheads were First Sgt. and Mrs. Jacob Craumer, Richmond, Va.

Mr. and Mrs. Henry Sanders, Harrisburg, spent the week-end with Mr. Sander's parents, Mr. and Mrs. Frank Sanders.

The Rev. and Mrs. Clark Heller have returned to Wapwallopen after spending a few days with friends than an Indian prince—chief cook, bottlewasher, custodian of the broom, mascot, and on occasions, office banker.

Each morning after brewing tea Awad presents his boss, Max Boyd, with a budget estimate of daily expenses and the first item invariably begins "food for Awad—six piastres."

Awad had to learn early thus to fend first for himself. He was born in a village on the Assam—Sudan frontier. When he was one year old his parents called in a local barber and he notched the baby's face to leave ever afterward the distinctive scars worn by these villagers.

His father died before Awad's memory begins and his mother died when he was ten. He came to Cairo and helped his brother cook for an Egyptian family until he took up "kitchen journalism."

## New Oxford

New Oxford—Mr. and Mrs. Thomas E. Smith, who have moved from the Raffensperger property which they occupied since the spring of 1943, are spending some time with their parents, Mr. and Mrs. Harry J. Sterner, and later plan to take possession of the former Leo Ecker place on Pleasant street which is now undergoing repairs. Before leaving their old home, Mr. and Mrs. Smith entertained his father, A. J. Smith, Taneytown, and his sister, Mrs. Dorothy Obendorfer, Perryville, Md.
